

## **Pet Sales Agreement**

We reserve the right to refuse the sale of any animal at any time, for any reason.

**RESERVATION POLICY:** BBR will reserve rabbit kits starting at 5-6 weeks of age once sexed. Reservations are first come, first serve and based off the nursery waitlist. Once the waitlist has been met, any additional kits will be available to the general public for adoption. All kits require a non-refundable deposit to hold your bunny, with the remaining amount due at pickup. Deposit amount is \$100 to hold your bunny until the ready to go date. If for any reason, you are unable to pick up your kit within 10 days of weaned age, BBR can hold your kit up to an additional 10 days for a boarding fee of \$12 per day. Should BBR need to terminate the sale 100% of your deposit will be returned.

**TRANSPORT:** Transport is the customer's responsibility and pickup is required. BBR will not meet for the purchase of a pet unless a delivery request/order has been made. BBR occasionally offers delivery for a fee. I am unable to hold weaned, sold bunnies for more than 2 weeks due to space, care and feeding requirements. Thank you for understanding this policy.

**PRICES AND PAYMENTS:** Each bunny is priced individually and is based upon our appraisal of his/her quality. Deposits are required for any bunny to be considered reserved and full payment is required before any bunny is considered sold. Currently BBR accepts cash, Venmo, Cash App, and credit card payments via Paypal. Personal checks are not accepted.

**PEDIGREES:** While our bunnies are pedigreed, all of our bunnies are sold as "pets" without pedigrees or registration papers. By signing this contract, I understand that my bunny is being sold as a pet will not be going home with pedigree papers. Should I want to purchase pedigree papers in the future, it will be at the discretion of BBR.

**BREEDING:** All bunnies are sold as "pets" only and breeding is strictly prohibited. By signing this contract, I am purchasing a pet bunny and understand that breeding of pet bunnies is prohibited whether intentional or accidental breeding occurs. In the instance a pet bunny is bred and a profit is made, BBR has to right to pursue legal action.

**SPAY/NEUTER REQUIREMENTS:** For families that select two "PET" bunnies of opposite genders, a spay/neuter of at least one bunny is necessary. Once they reach 12 weeks of age they must be separated until one or both of the bunnies is spayed/neutered. Breeding of pet bunnies is strictly prohibited for the safety and health of your bunny.

For our pet families, we can never stress enough the importance of spaying/neutering your bunnies between 5-7 months of age. Going forward, all families that provide us proof of their bunny's spay/neuter by the age of 7 months, we will send your bunny a recovery goodie box! In the box will be a toy, treats, and one of our herbal medleys. As well, if you would like, we will provide you a copy of your bunny's pedigree with proof of a spay/neuter. For proof of spay/neuter, we will need a copy of your receipt from your vet or a signed certificate from a licensed veterinarian.

**RIGHT OF FIRST REFUSAL:** If at anytime you can no longer care for your bunny, you must contact BBR prior to rehoming your bunny. Should you rehome your bunny, you are not permitted to sell your bunny to a breeder. They must go to a pet home only. It is the responsibility of the family to do their due diligence in vetting a new home. Families are prohibited from making a profit off of the sale of a bunny from our rabbitry. Any violations of the terms may result in legal action.

**GENDER SELECTION:** While BBR strives to provide the requested gender, gender confusion can occur due the very slight difference between buck and doe gender identification. In the unlikely event that the wrong gender is provided, BBR will offer to replace a bunny that is improperly sexed within 12 weeks of age. Customer will receive a credit of the purchased price to put towards a future bunny. Customer must return the bunny unaltered and in good health within 5 days of initiating contact. BBR has the right to deny replacement of a bunny should we feel it is in the best interest of the bunny. In the event that BBR exercises this right, customer will receive a refund of the original adoption fee minus service and handling fees.

**QUARENTINE:** All bunnies from BBR need to be quarantined for a minimum of 7 days from other rabbits and pets already in your home. We recommend a 14-21 days quarantine for the wellbeing of all pets. Illnesses and stress due to a result of not quarantining, will void all health guarantees.

**HEALTH GUARANTEE:** BBR has a 7 day limited health guarantee. In the unlikelihood a bunny should get sick or dies, BBR must be notified with a written statement from a vet stating cause of death. If the passing of a bunny occurs, the bunny must be returned. If proof exists that the bunny was born with an illness or the death was caused by BBR, a refund or bunny replacement will be provided. If an illness is found within the first 7 days and the family takes them to a vet, BBR will cover up to \$100 of veterinary care. All expenses past that threshold are the responsibilities of the families. A family may opt to bring the bunny back to us and we will seek medical care. If the death or an illness of bunny is deemed at fault of the new owner and resulted after it has left BBR, no refund or veterinary expenses will be issued. This includes, but not limited to, stress, neglect/abuse, improper diet, death caused by other animals, fright, heat stroke, choking, etc. BBR will cover a limited health guarantee up to 30 days for genetic defects that we cannot see with a vet statement. When a bunny leaves BBR all new owners are provided extensive care knowledge and paperwork. BBR offers care training at pickup.

**INCLUDED WITH YOUR BUNNY:** this Sales Contract, Care Packet, Bunny Birth Certificate, and a bag of pellets to use as a transition, hay, blanket, 3 types of treats, and 3 toys in a reusable tote. BBR provides advice for as long as you own your bunny. Please call 210-452-9684 or email: [info@baileybunniesrabbitry.com](mailto:info@baileybunniesrabbitry.com) for any questions. Please be mindful of the hours of 9 am to 6 pm.

I understand and agree that this bunny was free from any signs of illness at the time of purchase and that I am responsible for any medical care the bunny may need. Before this agreement is signed, I agree that BBR has provided knowledgeable information on how to care for my bunny and answered all my questions to my satisfaction. Bailey Bunnies Rabbitry does not assume any responsibility for any veterinarian fees, shots, spay/neuter, illness or death after said bunny has left the rabbitry.

This contract is non-transferable and is null and void if said bunny(s) changes ownership from buyer stated below.
